

SIU HealthCare Providers Guide

SIU HealthCare is the clinical practice of SIU School of Medicine. The more than 250 full-time physicians and other medical professionals who are affiliated with the School offer primary care and a variety of specialized diagnostic and treatment services, many of which are not available elsewhere in central and southern Illinois.

This is a list of our health care professionals and is designed to help you access our services easily and quickly. Our SIU Call Center provides you with a direct connection to our primary care physicians and specialists and to the services offered through SIU HealthCare.

Call the SIU Call Center at 217-545-8000 or toll-free at 1-800 DIAL SIU (1-800-342-5748). SIU Call Center representatives are available from 8:00 a.m. to 4:30 p.m., Monday through Friday, to assist you. You may also cross reference providers and search by keyword by using our website, www.siuhealthcare.org.
